peyote bracelet pattern
even-count peyote stitch

[free download pattern](#)

The pattern measures 8.02 x 2.33 in. (20.4 x 5.9 cm) not including the closure.
Work in even-count peyote stitch with Delica size 11/0, but you can use beads like Toho or Matsuno, or change colours as you want.

Add a closure like seed beads loop-and-button to the finished bracelet or add a fringe to end and you get a cute bookmark.

If you need instructions for peyote stitch, you can learn it on my website: www.artstitch.eu in the section Goodies.

This peyote pattern is free and you may use it to make items for personal use and to sell, but no mass production. Please do not copy or distribute the design file from the pattern or use it to teach classes.

Please visit my website: www.artstitch.eu to see more patterns.
Also you can shop for patterns at lariata.etsy.com

Happy beading!
